FOUNDATION

HONOR ROLL

donors

The individuals, organizations and corporations recognized in this donor honor roll have made a commitment to support the SME Education Foundation. It is through their help that the Foundation is able to inspire, prepare, and support tomorrow's manufacturing engineers and technologists.

With grateful appreciation, we salute our donors with total annual giving of \$1,000 or more.

LEGACY SOCIETY

donors

The Legacy Society is named in honor of E. Wayne and Beulah S. Kay. The Kay's moved to Detroit in the early 1940's where they established a successful chrome plating company. Wayne Kay was deeply committed to the SME Education Foundation serving as chair of Detroit Chapter 1 in 1945. Later he was instrumental in establishing Macomb Chapter 142.

The SME Education Foundation recognizes the following individuals who, through their estate planning, have named the Foundation as a beneficiary in their will, trust or have established a giving vehicle such as an annuity or remainder trust.

In Memoriam: James Harbour

Not everyone can say that they single-handedly helped transform an industry, however if anyone can lay claim to that feat, it's James Harbour.

James Harbour first went to work in the auto industry as a teenager in 1946 in Chrysler's Jefferson Assembly Plant in Detroit, Michigan. After a brief stint in the U.S. Navy, Mr. Harbour spent the next 30 years with Ford and Chrysler where he held various executive positions in finance, accounting and manufacturing. Upon retiring in 1980, he established Harbour & Associates, a consulting firm that specialized in automotive manufacturing. The annual Harbour Report, a groundbreaking report that became the leading benchmark of U.S. auto manufacturing productivity, reflected his deep knowledge of the auto industry.

His family has established a memorial scholarship to help students pursue a certificate, diploma, two-year or four-year degree for a skilled trade or to study in a STEM-related field including manufacturing engineering/technology, automotive engineering/technology or other closely related engineering/technology disciplines. The SME Education Foundation is proud to administer this scholarship fund in memory of Mr. Harbour's remarkable legacy.
